

pepper wins Hendrike Dreier as Chief Financial Officer

Denkendorf, 05.16.2022 - Hendrike Dreier joins the management team of pepper motion GmbH with immediate effect as Chief Financial Officer (CFO). In her new role as Chief Financial Officer at the pioneer in commercial vehicle electrification, Hendrike will lead an 11-person team. She is responsible in particular for Accounting & Reporting, Controlling, Investor Relations & Organizational Development as well as Sustainability Management, ESG & CSR.

Focus on Investor Confidence

Following the recent successful Series A funding for pepper (press release of 04.25.2022), the primary goal of Hendrike's team is to further develop and expand shareholder reporting and to provide the best possible support to the business in achieving its operational goals. A high level of networking within the company as well as transparency and a timely flow of information to investors are key factors for success for them.

Hendrike Dreier's Resume

Holding a degree in business administration, Hendrike began her career in auditing at Arthur Andersen in Hanover. In addition to several international positions in auditing and consulting in Australia and London, she has worked in the supervision of the Australian stock exchange ASX, and in the finance departments of The KaDeWe Group GmbH and Mister Spex SE, among others.

Hendrike describes her personal motivation for the new area of responsibility at pepper thus: "Above all, I'm excited by the opportunity to contribute via pepper to a climate-friendly and emission-free future of mobility. The feeling of being part of such a motivated and inspiring team working towards this mission fills me with great drive and pride."

"We are also very pleased to have Hendrike join us. With her international expertise and a mindset that is an excellent fit for us, she will play a key role in driving forward our investor approach and our further evolution into the market leader in the commercial vehicle conversion industry," explains Andreas Hager, CEO of pepper motion GmbH.

Hendrike Dreier, CFO pepper motion GmbH

About pepper motion GmbH

As the first digital OEM worldwide (without its own warehousing and manufacturing), pepper offers innovative solutions for the electrification (retrofitting) of used and new commercial vehicles. With its holistic approach to telematics, charging infrastructure, and fleet management, the company designs quickly implementable and cost-efficient solution packages for a sustainable mobility transformation.

By retrofitting existing commercial vehicles with certified etrofit kits for buses and trucks, vehicles are given an environmentally friendly "second life" and therefore enable the most sustainable form of mobility, both ecologically and economically, making an active contribution to reducing emissions in transport and implementing the Clean Vehicles Directive.

pepper is ISO 9001 certified and as such is the only supplier of conversion solutions to ensure operational safety according to international automotive industry standards such as ISO 26262 for functional safety. A network of international partners guarantees service and availability across Europe.

pepper motion GmbH with headquarters in Denkendorf and offices in Garching near Munich and Paderborn employs more than 100 people. The subsidiary pepper motion Austria GmbH, based in Vienna, is the pepper Group's software development center. pepper is represented with further sales partners in Italy, France, and Poland.
